

Lilium Provides Update Regarding Nasdaq Minimum Bid Price Compliance

MUNICH, Germany, February 23, 2024: Lilium N.V. (NASDAQ: LILM), developer of the first all-electric vertical take-off and landing jet, today announced that on February 22, 2024 it received a written notice (the "Notice") from The Nasdaq Stock Market LLC ("Nasdaq") that the Company is not in compliance with the minimum bid price requirement of US\$1.00 per share set forth in Nasdaq Rules for continued listing on Nasdaq (the "Listing Rules").

Based on the closing bid price of the Company's Class A Shares for the last 30 consecutive business days from January 9, 2024 to February 21, 2024, the Company no longer meets the minimum bid price requirement set forth in the Listing Rules. The Company has been provided 180 calendar days, or until August 20, 2024, to regain compliance with the Listing Rules. To regain compliance, the Company's Class A Shares must have a closing bid price of at least US\$1.00 for a minimum of 10 consecutive business days.

The Notice is not expected to have any impact on the Company's business operations or listing of the Company's Class A Shares, which will continue to be listed and traded on Nasdaq. The Company intends to monitor the closing bid price of its Class A Shares and will, if appropriate, consider implementing available options, including, but not limited to, implementing a reverse stock split of its Class A Shares, to regain compliance with the minimum bid price requirement under the Listing Rules.
